- Hospitals & nursing homes
- Restaurants & cafeterias
- Food processing areas
- Abattoirs

DESCRIPTION

SAFE HANDS is a heavy duty, solvent free hand cleaner for use in food processing areas. It has been formulated with a combination of surfactants, emollients and moisturisers to provide gentle clean that supports healthy skin where degreasing is carried out frequently.

SAFE HANDS effectively removes animal fat, grease, oil, paints, dyes and general industrial soils. It does not leave any residue thanks to its free rinsing properties. Contains biocides.

DIRECTIONS FOR USE

Dispense a small amount of SAFE HANDS onto hands, gently work up a rich lather and rinse off with water.

To prevent microbial contamination of the product, close containers immediately after use and do not add or insert any foreign materials or objects.

Consult your Jasol representative for further information.

SAFETY INFORMATION

SAFE HANDS is NOT classified as Hazardous according to the GHS.

SAFE HANDS is NOT classified as Dangerous Goods according to the ADG Code (7th Ed).

SAFE HANDS is NOT a Scheduled Poison according to the SUSMP.

FIRST AID INFORMATION

For advice in an emergency, contact **Poisons Information Centre Australia (phone 13 11 26)** or a **doctor at once**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. Seek medical attention if irritation persists.
