

STAINLESS STEEL FINISH

Stainless Steel Cleaner & Polish

FEATURES

- Multi-purpose cleaner & polish
- Deep shine lustre effect
- Finger marks removal
- Surface protection
- Water repellent
- Economical

AREAS OF USE

- Stainless steel surfaces

DESCRIPTION

STAINLESS STEEL FINISH is a combination of mineral oils. This blend enables the effective removal of finger marks and smudges from stainless steel surfaces and appliances bringing back a clean and shiny appearance with lustre effect. STAINLESS STEEL FINISH leaves a thin protective film on the treated surfaces preventing finger marks.

DIRECTIONS FOR USE

Apply STAINLESS STEEL FINISH directly onto the surface or onto a cloth. Wipe until an even shine is achieved. To prevent microbial contamination of the product, close containers immediately after use and do not add or insert any foreign materials or objects.

Consult your Jasol representative for further technical information.

SAFETY INFORMATION

STAINLESS STEEL FINISH is classified as Hazardous according to the GHS. STAINLESS STEEL FINISH is NOT a Dangerous Goods according to the ADG Code (7th Ed). STAINLESS STEEL FINISH is a Scheduled Poison according to the SUSMP. Combustible liquid. May be fatal if swallowed and enters airways. Refer to SDS for further information.

FIRST AID INFORMATION

If poisoning occurs contact a doctor or **Poisons Information Centre Australia, Phone 13 11 26**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek medical attention.
