- Water conditioning
- Free rinsing properties
- Safe on all surfaces
- HALAL approved
- KOSHER approved

AREAS OF USE

- Cafeterias
- Canteens
- Hospitals
- Nursing Homes
- Hotels & Motels
- Restaurants

DESCRIPTION

STERAKLEEN is a liquid detergent formulation suitable for use in hot water glass washing machines. It combines good soil removal with low foaming and free rinsing characteristics. STERAKLEEN is formulated from an alkaline base with chelating and soil suspension agents and surfactants to handle hard and soft water conditions.

DIRECTIONS FOR USE

The recommended use rate is 3 mL/L of hot water. Machine operating temperature should be set to 70°C minimum. STERAKLEEN may also be used for manual washing of glasses. It is important that sufficient amount of STERAKLEEN is being dispensed into the wash water.

Consult your Jasol Representative for further information.

SAFETY INFORMATION

STERAKLEEN is classified as Hazardous according to the GHS.

STERAKLEEN is classified as Dangerous Goods according to the ADG Code (7th Ed).

STERAKLEEN is a Scheduled Poison according to the SUSMP.

Avoid contact with eyes and skin. Refer to SDS for further information.

FIRST AID INFORMATION

If poisoning occurs contact a doctor or **Poisons Information Centre Australia, Phone 13 11 26**. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water and seek immediate medical attention. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. If on skin, remove contaminated clothing and wash affected area with running water. Seek immediate medical attention.
